

Workshop on Data Gathering Strategies

**August 20 to 21, 2019
Tuesday & Wednesday**

7:00 AM - 9:00 PM

*Verao Bed and Breakfast,
Tagaytay City, Cavite*

Rationale

This *Workshop on Data Gathering Strategies* primarily finalizes and designs research tools and data collection plans and techniques for the NCS 2021: PARI Project. This intends to link the data collection research plan with the related literatures and research ethics requirements in order to produce a calendar of activities and related research undertakings, such as code book development and data analysis software orientation.

Specifically, the workshop intends:

1. To discuss and finalize the general research plan for the three pastoral action researches;
2. To finalize the writing of related literature review and research ethics application requirements;
3. To design research tools and data collection plans and techniques for each pastoral action research; and
4. To develop a calendar of activities for the implementation of the data gathering procedures.
